ADDENDUM #2 (01.23.2020)

ROOF REPLACEMENT
NORTH AMERICAN BUILDINGS
NORTH CAROLINA ZOO

Information in this Addendum is intended to amend or supersede the original contract documents (plans and specifications and/or other Addenda as applicable) for the items noted. This document will be included and made a part of the contract.

Correction from Addendum #1
1. Bid security (5% of bid amount) in the form of a bond/cashier’s check.

Request for Information
1. No request for information (RFIs) were received during the allotted time as outlined in the Contract Document.

Substitution Requests
The following products were submitted as substitution request and shall be considered as equal products to those specified:

07410 Prefinished Metal Standing Seam Roofing
1. Metal Roofing Systems, Inc. - MSR System 2500
2. Triad Corrugated Metal - Panel Model MS-216
3. Union Corrugating UCC ML 150
4. Construction Metal Products, Inc - CMP S-2500

07420 Preformed Metal Wall Panels
1. Metal Roofing Systems, Inc. MSR Flush Seam Wall Panel

All product substitution requests approved here as "equal" shall be subject to material, finish, and water-tight system warranty terms as specified in the Contract Documents.

Additional Information
Attached with this Addendum are the original construction drawings of the North American Buildings. The original drawings are provided as supplemental information to lend context to the Roof Replacement Contract Documents and are not part of the Contract Documents. Neither the N.C. Zoological Park or EC I Terracon can attest to the accuracy of these drawings with respect to the as-built conditions. As the original drawings are not part of the Contract Documents, no printed hard copies will be provided to prospective bidders. Verification of the existing conditions remains the responsibility of bidding contractors. Attached drawings are in .pdf format and titled:

β Zoo Architectural
β Zoo Structural
β Zoo TramOffice
