## PROJECT DETAILS

This development is on campus and consists of four new structures, a field and site improvements. More specifically:

- Sitework (tree removal, site work, site utilities, modular block retaining walls, 262-spot surface parking, hardscape, landscaping and irrigation)
- Athletic Recovery Center (8,800 sq ft) - pre-engineered metal building, open floor plan, lobby, offices
- Gymnastics Facility (22,290 sq ft) – pre-engineered metal building, lobby, office, locker rooms, mechanical mezzanine
- Lacrosse Operations (9,080 sq ft) – pre-engineered metal building, offices, locker rooms
- Lacrosse Field – fields with drainage system, scoreboard, stadium lighting, fencing
- Bleachers and Press box (5,322 sq ft) – traditional build (CMU/steel), stands, team and referee locker rooms, press box

## TRADE OPPORTUNITIES

- |                            |                      |                      |
|----------------------------|----------------------|----------------------|
| • Equipment/Cleanup        | • Firestopping       | • Signage            |
| • Demo                     | • Test & Balance     | • Specialties        |
