

ASHEVILLE REGIONAL AIRPORT (AVL) TERMINAL MODERNIZATION AND EXPANSION

HENSEL PHELPS CGMP 03 OUTREACH EVENT

The Greater Asheville Regional Airport Authority awarded Hensel Phelps the CM at Risk Terminal Modernization and Expansion at the Asheville Regional Airport in Asheville, NC. Started in 2021 and projected to finish in 2026, this project will expand and modernize the existing single story, seven-gate terminal building into a two-story building with 12 gates.
