Subcontractor Outreach Event

Thursday, March 9

4-5 pm

Click [here](#) to register.

To join virtually, click [here](#).

PROJECT DETAILS

We are building a new 350,000 sq ft care tower with an emergency department, 28 operating rooms, 44 ICU rooms, and support areas. The project also includes 150,000 sq ft of renovation within the current hospital, on multiple floors with a multi-phased schedule.

EVENT DETAILS

Brasfield & Gorrie - Blum Construction is currently preparing to solicit subcontractor proposals for the interiors package of the Atrium Health Wake Forest Baptist Medical Center Care Tower in Winston-Salem, NC. Representatives from the Brasfield & Gorrie - Blum Construction project team, preconstruction managers, and executives will be available to speak about the project.

Thursday, March 9 from 4-5 pm

Big Room | 2200 Cloverdale Avenue, Winston-Salem, NC 27101

Parking is located behind the building. The construction office and Big Room are on the second level.

TRADE CONTRACTOR INFORMATION

All bid invitations will be sent through BuildingConnected. If you are not registered on BuildingConnected, please scan the QR code or click the link [here](#) to learn more information and register. If you are not prequalified with us, please download and fill out the form at the link.

DIVERSITY & INCLUSION

Brasfield & Gorrie - Blum Construction is committed to increasing our collaboration with small and diverse firms and believes that every project is an opportunity to champion diversity and inclusion. Learn more about our efforts and supplier diversity program [here](#).
