EVENT DETAILS

Brasfield & Gorrie is hosting a prebid meeting for the Greenville-Spartanburg Airport District project. We will review project details and answer any questions. The meeting will include time for networking with Brasfield & Gorrie team and other contractors.

PROJECT DETAILS

This project consists of:

- Five-level structural precast concrete parking garage
- Five level, dual stranded entry and exit helices
- Remote fuel farm and fuel distribution systems
- Car wash systems
- Terminal-level finished Rental Car Customer Service Building
- Glass pedestrian canopy tying Parking Garage C to Parking Garage B
- Parking revenue control systems and parking guidance systems
- Standing seam metal roof canopies
- Glass elevator enclosure
