

NC State College of Veterinary Medicine Equine Hospital Project

Outreach Meeting

DPR and BridgePoint have been selected as the CM at Risk for the North Carolina State University (NCSU) College of Veterinarian Medicine (CVM) Equine Hospital project. This project will consist of renovations to the existing NCSU CVM main building and construction of a new Equine Hospital addition. The new facilities will include in-patient and outpatient equine services, emergency services, orthopedics, surgery, ICU, an isolation building, and an arena. The project will also include new research space and a Central Utility Plant expansion to support the new Hospital.
