

Addendum 2

Lawndale Basin Sewer Rehabilitation and Replacement Project

The Town of Hillsborough recently became aware that the town is receiving State Revolving Fund (SRF) grant and loan funding for the proposed Lawndale project. The town is withdrawing the current advertisement for bids and will readvertise the project for bids with a revised project manual that includes documents compliant with the State Revolving Fund program. The town anticipates this bid will be released in approximately three months. An advertisement for this bid will be provided to all plan holders of the current bid set.
